

PART.212 TURN ME ON!!

ふたり エッチ

Yara-san and
Makoto-san
want to
have sex ...

What's up
with him
now!!

I WANT YOU
TO MAKE ME
REAL HOT!

BUT
THAT'S LIKE A
CONDITIONED
REFLEX!

Idiot!

I WANT TO BE
TURNED ON
REALLY BAD!!

PRESS?

WOULD YOU PLEASE PRESS YOUR BREASTS TOGETHER?

LIKE THIS?

LIKE THIS...?

THEN YOU LIFT THEM LIKE THIS...

HEY!! DO IT!!

AND HOLD YOUR NIPPLES BETWEEN YOUR FINGERS!

I'LL TRY
THAT!

THEY HAVE
A NICE RANGE
OF SWIMSUITS
HERE.

和装部

NO...
OUT OF
QUESTION!!

THAT'S TOO
EMBARRASS-
ING...

IN
THE
FIFT-
FIVE
ROOM

NAKOTO-
SAN
WOULD
CERTAINLY
BE
DELIGHTED!

きわ
どす
QUITE
TIGHT!

TURNING ON?

She bought a normal notebook!

HIS MOUTH!

HIS!

She's agonizing

GAAAA...

Social shame speech zero!

WHINE-

... I'D ALSO LIKE TO KNOW!

YES, I WOULD LIKE TO KNOW WHAT TO DO TO TURN HIM ON...

THAT...

BUT... THIS WORKS AS WELL.

THAT...

PERFUMER!

YEAH,
A STIMULATING
ONE...

TA-DAH!

THIS ONE
ATTRACTS
MEN!

... IT
APPEALS TO
THE SENSE OF
SMELL!

I'LL GLADLY LEND
IT TO YOU...

AH.

Lotus
flavour

WITH THIS
I SMELL AT
LEAST A BIT
SEXY...

HEHE!

MAYBE I
SHOULD TRY
THIS...

The appeal of a scent is processed by the cerebral cortex on an unconscious level. It stimulates the endocrine glands which govern emotional response. Scents are therefore a very potent way to heighten sexual arousal...

In India, jasmine is traditionally used for this purpose. It's said that the scent of roses also affects sexual arousal.

That
even-
ing.

It seems for him
as if Yara-san's
been in the bath
for 3 hours.

Makoto-san is very taken with Yura-san's efforts.

The smell of so-called aphrodisiacs, together with a woman's natural body odor, can peak a man's arousal.

The sense of smell
is often ignored...
but that's exactly
why something can
be done about it!

LHH!

LHH!

LHH!

LHH!

LHH!

LHH!

By the way, fragrances have one more effect...

Certain fragrances help with losing weight: The scents of grape fruits, pepper and fennel activate the effect of the fat burning protein UCP1

[PART.212 TURN ME ON!! // END]

< Stimulating perfumes for women >

The origins of perfume possibly lie in the fragrances used by ancient Egyptians for mummification. The first perfume with rosemary, "Hungary Water", was produced in the second half of the 14th century for the queen of Hungary.

Perfumes were originally used simply to mask body odor. Over time they also became important ways to emphasize feminine (and masculine) appeal.

< Different Japanese perfumes >

< "Ichi Cologne" >

The main component is thyme.

< "Peaches pheromones" >

Can be sprayed on the neck, handkerchief etc.

< "Bed Innocence" >

Before having sex, spray it on the bed.

< The five most popular women's perfumes >

- ① Baby Doll (Yves Saint Laurent) ... sweet and refreshing
- ② Versace Woman (Versace) ... graceful elegance
- ③ Happy (Clinique) ... refreshing, mild sweetness
- ④ An Deux Mille Parfum (An Deux Mille) ... floral, fruity scent
- ⑤ Metal Jeans Women (Versace) ... enlivening scent
